From the CD
World Radio 13

Don't you know it's time
Wake up wake up your time has come
to lift your eyes up to the sun
A revolutions what we need, yah
And I have come to plant the seed

It's Time, Time to find - Where we're going, who's controlling
It's Time, Time to drive - yah take the wheel
It's time, Time to try - be creator, navigator
It's Time Time to shine yah and Dream

Create the life you long to live
(Thoughts are changing re-arranging how we're feeling)
Explore the dreams we shared as kids
(Thoughts are changing re-arranging how we're feeling)
Rise up and have some fun,
We all get what we focus on
Change your mind and change you luck & trust

It's Time, Time to find - Where we're going, who's controlling
It's Time, Time to drive - yah take the wheel
It's Time Time to shine -be a Dreamer yah believer
It's Time, Time to try - be creator, navigator,
one with nature, be a player

Every thought a new creation, Paves the way for destination
Focus strong on good vibrations, See your soul in Celebration
Simple Laws of Attraction, Change your world from Bad to passion
In this life that you Imagine, It's up to you to be the captain

Chorus

Don't you know it's time 4x,
Rise up an have some fun, we all get what we focus on
