

Mama said we can always work it out  
Mama said we can always find a way  
Mama said we can always work it out  
if we want too, Do you want to?

Break out of worn out ways and find a compromise  
let go of ego and pride  
Rock your body as solutions soon arrive One must seek to find

Mama said we can always work it out  
if we want too  
Mama said we can always find a way  
if we choose to  
Mama said we can always work it out  
if we want too, Do you want to?

Break out of worn out ways that isolate with pride  
Embrace a choice to harmonize  
A win/ win will find it's way to collaborate 2 creations now one

Rap By - J Roc Jones  
As I sleep on the pillow Mama grazed my face  
Don't rush to fail succeed at a pace of time  
That's controlled by your hands  
be an individual create your own plans  
see Mama knows best , Papa seen it all before  
Granny just prayed as I stayed in trouble  
and now I stay humbly out of tussles  
Put down my fists let my brain be the muscle

Rain, rain, yah rain is something that is shared with rainy days  
So pray , pray, yah pray  
the perfect resolution is on it's way, on it's way

**Chorus**
