She came down by the river, She came to wash my soul
She came down by the river, She came to let me know
that I'm alive, yah I'm alive

in the end you'll find the road that takes you home
(down by the river) in the end you'll find a friend

Let go, Let go
I am Free to find my way home

She came down to the river, She came to wash my soul
She came down to the river, to let me know
let me know that I am alive again, yah I am alive

in the end the truth be known will take you home
(down by the river) in the end there is no end

Let go , Let go
I am Free to find my way home
Let go, Let go, Let go
Find your way home , find your way
Find your way home , find your way

Every hour has granted you more power
Go within to find your way home
Home I'm coming , coming.....

She came down by the river, She came to wash my soul
